Susan,

We will be performing the 24 hour aquifer test today. Tomorrow upon completion of test, measurements in the surrounding wells and piezometers will be made. Following that, the 72 hour draw down will commence.

Best,
PAD.

Paul,

Can you please provide a schedule for activities this week?

Thanks

Susan Hanson

Kelly,

The draw down for EW-02 wrapped up this afternoon with no surprises. Tomorrow the 6 hour draw down for EW-01 will commence. If you have any questions please call at your convenience.

Best,
Paul DesFosses
